

The contact route stays unsent

This contract follows bounded advertiser discovery. The route reads stored evidence, freshness, suppression, and the preview adapter. A public address is not permission to send. An explicit transmission request is recorded once. No adapter transmits it. Bliss hosted acceptance and Economics Phase 9 stay on their own paths.

A missing person is not invented. This is not a census. Green does not send. Delivery remains NOT_SENT.

What was proved

Reading	Result
Stored prospects	4. Suppressed 1. Stale evidence 0. Missing evidence 2. No road 1. Preview 0. Withheld 0. Census claimed: no.
ABC Pharmacy	MISSING_EVIDENCE. Adapter none. A public evidence URL is required. None was invented. Transmission NOT_SENT.
Casa Verde	NO_ROAD. Adapter none. A route needs a stored contact road. Transmission NOT_SENT.
Mesa Norte	MISSING_EVIDENCE. Adapter none. A public evidence URL is required. Transmission NOT_SENT.
Puerto Azul	SUPPRESSED. Suppression comes before the adapter. Nothing is sent. Transmission NOT_SENT.
Transmission audit	Key operator-transmission-1. Words: Send the message. Adapter none. One row. A second request says the request is already recorded. Nothing was sent.
Delivery	NOT_SENT. Green does not send.

The operations page is /operations#/routes. The contract is docs/architecture/contracts/CONTACT-ROUTE-CONTRACT.md. These names and example.com are fixtures. They are not a claim about a real business or a real mailbox.

Verification

```
dotnet test Bliss.Tests/Bliss.Tests.csproj --verbosity minimal
```

384 passed, 0 failed, 0 skipped. The new proofs are ContactRouteAuditTests and ContactRouteApiTests.

The browser recording shows the four stored routes and the single unsent transmission audit. Nothing was sent.

What this does not authorize

- Sending because a public email, page, or messaging number exists.
- Treating green as permission to send.
- A second CRM, a messaging suite, or a vendor transmitter.
- Contact enrichment, a crawler, or an invented person.
- Hosted Bliss acceptance or Economics Phase 9 owner acceptance.

The next priorities stay closed until each one has its own contract.
