

HARBORLIGHT FREE-GENERATION ATTEMPT

FINISHED ORIGINAL - PENDING HUMAN REVIEW

1280x720 generated original. Human visual quality, Panama-market authenticity, and pixel originality have not been accepted.

ARE-P01 TEST RECOMPOSITION - NOT DELIVERED

1920x1080 test preview. LEFT_VERTICAL is 320x1080; BOTTOM_FULL is 1280x180. The center is protected creator content. The incomplete bottom-banner crop is retained as a visible issue.

Review required

- Human review should assess commercial color, contrast, highlights, shadows, lighting, realism, depth, separation, typography, hierarchy, polish, screen impact, and Premium Dominant Presence.
- Human review should verify Panama-market authenticity and that the invented person, products, setting, composition, and identity do not copy an Academy reference.
- The extreme bottom-banner crop is visibly incomplete and may require a purpose-built recomposition before acceptance.
